

## ***Join the California Department of Public Health!***

**Position Title:** **Research Scientist Supervisor II (Microbiological Sciences)**  
**Organization:** ***Infectious Diseases Laboratory Branch, Microbial Diseases Laboratory Program***  
**Location:** **Richmond, CA**  
**Job Control #:** [JC-222068](#)  
**Final Filing Date:** **12/30/2020**

### **Getting Started!**

Search the jobs database at <https://www.jobs.ca.gov> and submit your complete application packages (applications and any applicable or required documents) electronically through your CalCareer account on the website.

### **Required Application Documents**

Please submit the following items with your application. Applicants who do not submit the required items timely may not be considered for this job:

- State Examination/Employment Application STD Form 678.
- All Experience and Education relating to the Minimum Qualifications listed on the Classification Specification should be included to demonstrate how you meet the Minimum Qualifications for the position.
- Resume is optional. It may be included, but is not required.

### **Job Summary**

This position supports the California Department of Public Health's (CDPH) mission and strategic plan by ensuring quality, timely provision of highly complex public health laboratory testing for the diagnosis and epidemiologic investigation of tuberculosis, other mycobacterial infections, and fungal and parasitic diseases of great public health importance in the State of California. The Research Scientist Supervisor II (RSS II) provides overall supervision, administrative support, scientific research, and developmental guidance for a multifaceted program tasked with the isolation, identification, epidemiologic typing, and susceptibility testing of *Mycobacterium tuberculosis*, and characterization of non-tuberculous mycobacteria, fungal pathogens, and parasitic pathogens of public health importance.

The incumbent works under the general direction of the Program Chief, the Research Scientist Manager (RSM).

### **Minimum Qualifications**

It is your responsibility to make sure you meet the education and/or experience requirements stated in the Classification Description. Minimum qualifications for Research Scientist Supervisor II (Microbiological Sciences) classification may be viewed here:
